a reliable partner to cater
to your art material needs

ABOUT US

We are a creative and innovative organization with the ability to transform ideas into tangible products.

Indeutsch Industries is a Private Label Manufacturer of premium quality artist brushes and primed artist canvas.

With an impressive production capacity to produce 12,000 linear meters of primed fabric per day, and to produce more than 100,000 brushes per day, Indeutsch remains unsurpassed in development experience, material exploration, product variety and product customization.

We produce and develop brushes, ferrules and handles in any shape and size and can cater to any primed artist canvas need. We have a well equipped in-house tool room where we develop machines, tools, dies and fixtures required for brush and canvas manufacturing.

CANVAS DIVISION

We have the right product knowledge and expertise to meet your primed canvas needs.

The Canvas division is equipped with various semi automatic machines to carry out its manufacturing operations. The fabric is primed with Acrylic Titanium Gesso and the application is carried out with utmost precision and uniformity.

The manufacturing operation is spread over an area of 50,000 square feet and has an installed capacity to prime 300,000 linear meters per month.

The fabric used is 100% Virgin cotton yarn and 100% Linen yarn which are especially made to specification using special weaved construction. We can assist and develop customized construction of weaved fabric on specialized looms as per customer's need.

We are committed to constantly coming up with new improvements and adding new products to give our customers a competitive edge and a new experience.

QUALITY CONTROL

Committed to high standards

Quality assurance is an integral part of Manufacturing. At Indeutsch, we are committed to manufacture products of high quality standards. To help in achieving this we have a centralized quality control department. There is stringent checking of incoming material, online checks during manufacturing and pre-dispatch inspections before any shipment leaves the factory premises.

Our technicians and workmen are well trained in their respective fields.

We are an ISO 9001:2008 certified company. We keep ourselves updated with new international regulations like REACH, CPSIA, LHAMA and CARB Act.

CUSTOMER RELATIONSHIP

Focus on customer relationship
